# Advanced Clinical and Care Leaders Programme

Supporting clinical and care leaders to expand collaborative systems leadership and amplify cultural competences

[www.cln.nhs.uk/accl](http://www.cln.nhs.uk/accl)

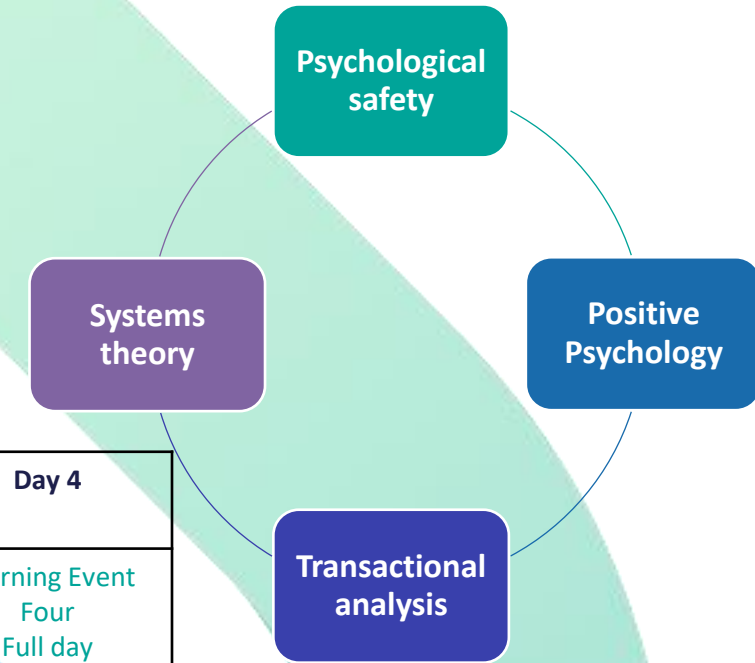

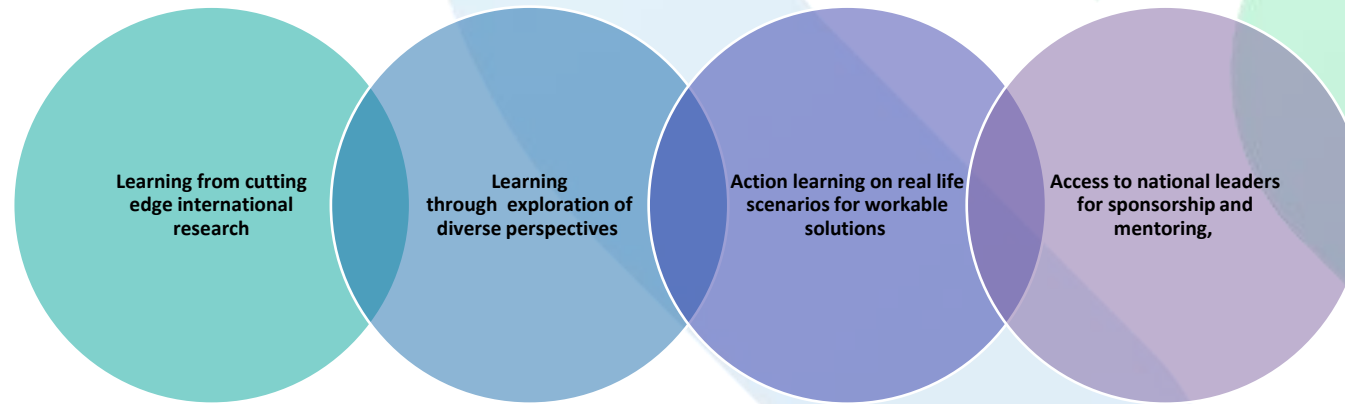

# Introduction

- The NHS Clinical Leader Network (CLN) in collaboration with The Wellbeing Collective are launching an innovative clinical and care leadership development pilot nationally.
- Designed exclusively by and for experienced clinical and care leaders in order to expand collaborative systems leadership and amplify cultural competences.
- This transformational programme focuses on what it means to be a strategic leader in the current context of large-scale change within integrated health and care landscapes.
- Providing a blend of theoretical insight, practical leadership management skills, tools and techniques to help high performing leaders fulfil their potential.
- Each session is designed to ensure individual involvement and participation; to stimulate thinking and provide challenge.
- Key focus on practical skills and real outcomes. The content will involve an innovative and engaging blend of activities so it can be directly applied to participants current situations.

# Unique and bespoke

1. Intentionally aimed at leaders from both health and care with a diverse range of professional backgrounds and personal lived experiences, our commitment to providing equitable and inclusive opportunities for advanced leadership development is paramount.
2. Delivering a truly bespoke learning experience through the careful construction of the participant group combined with our facilitators being sector leaders in cultivating psychological safety, enabling vulnerability-based trust and offering high support/high challenge development.
3. Our unique model of blending cutting edge research, practical techniques, experiential methodologies, a resource toolkit and online forum will equip participants to successfully lead complex organisational and political workstreams across multiple boundaries.
4. Exclusive access for programme alumni to be part of the leaders network supported by the NHS CLN to continue the development and continue to provide participants with the skills and confidence to drive large scale transformation across systems and deliver sustainable change.
